

## 1. Stipend Calculations

Modified by : Shreya Trikala on 07 Dec 2023, 07:20 PM

Stipend for each is payable by the 7th of the next month, calculated according to the weekly time invested and approved by authorised personnel.

- If your commitment is a min of 30 hours a week

i. If you have invested 30 or more hours in a week, the stipend for that will be the maximum for that week.

ii. If you have invested less than 30 hours in a week, the stipend will be calculated based on the following:

$(\text{No. of hours}/40) \times \text{maximum stipend for that week that applies to you}$
