Omysha Foundation is committed to providing an environment free from any kind of discrimination based on gender, religion, caste, creed, marital status, etc. VONGles are also expected to support the company on the same.

If any VONGle comes across any kind of harassment as an act by any co-worker, customer or partner, **reach out to HR immediately**, even if you are in doubt. Omysha Foundation will provide the affected VONGle with all the necessary support.

The right measures and actions (as applicable by the law) will be taken for the same.
